

A Safe Environment for the Elderly

Our new home is equipped with the latest technology for optimum residents' care. A waterproof wearable personal device, My Guardian Angel has been introduced to enhance the well being of our residents.

My Guardian Angel can be a lifesaver in times of distress, the device can automatically detect falls and send an alert to our nurses which enable our residents to call for help without having to press the call button.

Other features include monitoring of the elderly's Activities of Daily Living and proactively alerting our nurses for any abnormal changes from an individual's everyday activities, such as meals attendance. Additionally, the device enables real time location tracking of the residents to enhance their safety in our Home.

A Professional and Dedicated Team

With over 64 years experience running a home for elderly residents, our team of professionals are trained and equipped with skills for the best care of the elderly.

Our residents enjoy communal life as our dedicated volunteers and staff conduct weekly activities to ensure that our residents are socially and meaningfully engaged.

Contact us

We invite you to experience the warm hospitality and setting of St John's Home for Elderly Persons where we are committed to providing a positive and caring family community.

St John's Home for Elderly Persons is a registered Charity and an Institution of Public Character (IPC). Monetary donations to the Home are eligible for tax deduction at 2.5 times the amount donated.

ST JOHN'S HOME
FOR ELDERLY PERSONS

Celebrating Ageing since 1958

The NEW & BETTER St John's Home for Elderly Persons

A place to Truly Celebrate Ageing

NEW & Yet 64 years old

Our building is brand new, but we have been at Sennett Estate since 1958 providing shelter and care to the needy elderly with compassion, professionalism, and dedication.

We understand ageing and believe that every aged person has the right to a meaningful, comfortable, dignified and stressless life however long that may be.

A Brand New Building – Bigger, Better and Smarter

Our new Home is a 5-storey building with larger space, better and more facilities, enabling us to improve our growing programmes and essential services for our elderly residents. The new Home's licensed capacity is 144 residents.

Elderly-friendly Rooms

Four residents will live in a 47sqm apartment with elderly-friendly design features, such as wider entrances, corridors and doorways, larger bathrooms, allowing easy access and to accommodate wheelchairs.

Every resident will have a comfortable Libra bed made in Germany, ample closet space, writing table, and curtains for privacy. Each room comes with a shared pantry, lounge with a TV, two toilets, one of it with bathing facilities.

NEW Facilities to Enjoy

Physiotherapy Room

Physiotherapy Facilities

Hydrotherapy Pool

Roof Garden
